

With the view to provide a comprehensive service, Identity Australia stock and sell one of the largest ranges of ID Card Printers in Australia. Choose from a range of world-leading brands—Datacard, EDI Secure, Evolis, Fargo, Javelin, Hi Ti, Matica, Magicard and Zebra.

Please consider the following before ordering or purchasing the printer that best serves your purpose:

**The most economical is single side printing**

Make better use of the reverse of the ID card for static information, such as, emergency procedures.

**The single biggest difference between ID card printers is the quality of decoration on the printed card**

Edge-to-edge printing gives the best visual impact. Not all ID card printers have this feature.

## SECURE ID CARD PRINTING

**How many cards do you need to print every year, and in what sort of batches?**

This is probably the most defining consideration in the selection of an ID card printer. High volume jobs require a more robust printer with faster print speeds, as well as card feeders and hoppers.

**Will you need to move the ID Card printer to numerous locations?**

Your requirement for moving the printer from location to location means that you may need to acquire multiple software licences for each additional PC used.

**All ribbons, cleaning cards and software are available individually or on contract – it's your choice.**

If you are unsure about your usage, we suggest you take advantage of our individual pricing while you establish your annual spend. No ongoing contracts required.

**Warranty, hot swaps and servicing**

We have it all covered. Our friendly staff will discuss your particular needs and design a package to suit your usage and budget.

## SECURITY ID CARD HOLDERS

**Which ID card holder is right for you?**

The following questions help you to select the most appropriate ID card holder for your purpose:

- Is your ID card going to be 'portrait' or 'landscape' format?
- Does your ID card need to be removed easily from the card holder?
- Does your ID card need to be 'locked' into the card holder?
- What is the thickness of your ID card?
- Does the card holder need to hold more than 1 ID card? How many?
- Do you want the multiple ID cards to display separately?
- What thickness are the multiple cards when together?
- What are the dimensions of the inserts (ID cards)?
- Do you have the need for the card holder to be identified from a distance, eg different colour?

Please call us on 1800 33 00 99, and one of our qualified sales consultants will guide you through the selection process and provide a quotation.

**Some ID card holders and accessories for your consideration. Select from our extensive range of:**

- Clips or straps
- Flexible Pouches
- Magnetic clips
- Rigid holders
- Retractable mini reels

**Call us for a free sample today!**

Personal Service  
Professional Advice  
Prompt Delivery

Identity Australia is one of Australia's leading specialist suppliers of personal and security ID's to the Australian Healthcare Sector.

Australian and New Zealand Public and Private Healthcare Services – Hospitals, Nursing Homes, Aged Care, Nursing and associated services, Mental Health, Optometry, Dental, and miscellaneous healthcare services.

## Name Badges & ID Cards

The NSW State Government's initiative "Caring Together: The Health Action Plan for NSW" by Commissioner Peter Garling SC, has made it a legislated requirement for all staff in the Healthcare sector to display their identification in a prescribed format and position on their person. Nurses, doctors, supporting staff, volunteers, contract staff, and authorised personnel are all now required to wear conforming ID badges and cards.

Here is how you can make arrangements to comply with this legislated requirement:

- Produce your ID cards on-site using secure ID Card Printers and Software
- Use our on-line ID Card Bureau service
- Or simply, make an appointment with one of our representatives to discuss your requirements

## HEALTH CARE SERVICES PERSONAL IDENTIFICATION

### Access Control (Proximity) Cards

Secure people access to pre-designated areas. These Access Control Cards can be customised with your company logo, name and design features. They are great for use with Contract Staff and Volunteers that may need to be given limited time access to designated areas.

## 4 REASONS WHY YOU SHOULD MAKE IDENTITY AUSTRALIA YOUR PREFERRED SUPPLIER

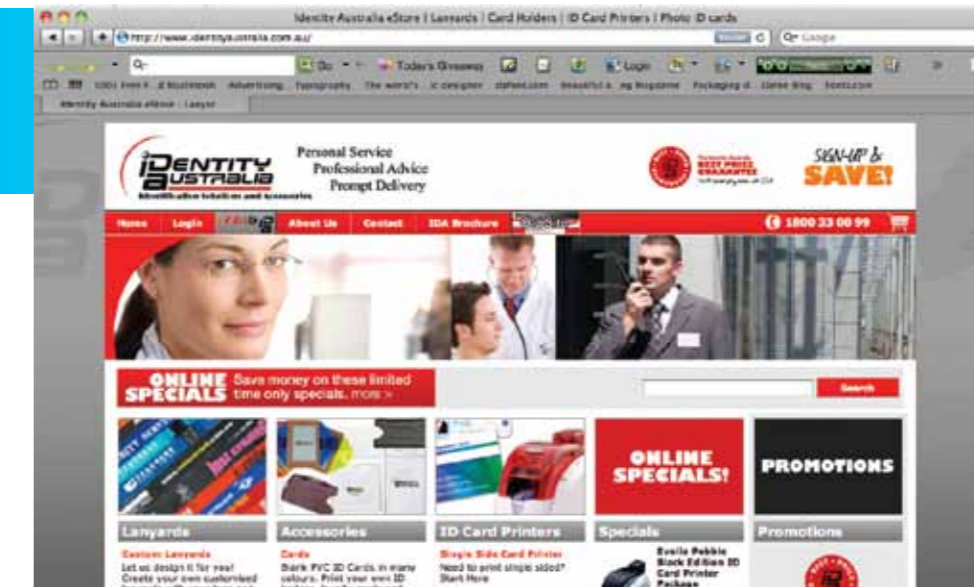

- ✓ Identity Australia is a trusted name serving the Healthcare sector for over 16 years
- ✓ Identity Australia is your '1-Stop-Shop' for all your personal security and identification product needs
- ✓ Identity Australia's famous "Price Guarantee" ensures you get the best price
- ✓ Identity Australia already enjoys a growing list of satisfied clients from hospitals, clinics, and associated Healthcare Centres Australia-wide. Just ask us for our credentials.

Complies with the latest requirements of the 'Caring Together - Health Action Plan for NSW' - (Garling Report)
